

Get the most from your Bypass Program

With Drivewyze it is 100% legal to follow the instructions. Always follow the device instructions to stay legal.

Your mobile or electronic logging device will instruct you with:

- 1 *Bypass*
- 2 *Pull In Unless Closed*
- 3 *Follow Road Signs*

Enable Full Screen Alerts

If the permissions are not already enabled, drivers will be automatically prompted to enable full screen alerts after logging in to the Samsara app.

If you miss the prompt, these permissions can be enabled in your device settings.

Please follow the enable full screen alerts steps from the video here:

Notifications at Drivewyze Sites

Drivewyze operates at weigh stations across North America.

- Drivewyze bypass sites are indicated with **bypass supported** text and a **blue banner**.

- You will receive heads up alerts **2 miles** and **1 mile** ahead of all weigh stations.

You will then receive **one of three** driving instructions:

Notifications at Non-Drivewyze Sites

At sites not participating in the Drivewyze Bypass Program, you will receive the following notifications:

- Watch for the 2 mile and 1 mile heads up alerts indicated as **Non-Drivewyze Sites**.

- You will then receive a driving instruction to **Follow Road Signs**.

C Recall Last Driving Instructions

- 1 Go to Settings from the Main Menu or Dashboard
- 2 Go to Drivewyze from the Settings
- 3 Tap on ⌚ to display previous instructions
- 4 Your most recent driving instruction will appear at the top

D Bypass Florida Agriculture Inspection Sites

- 🔊) If your fleet has opted into the Florida Ag bypass program, you may receive a **conditional bypass**.

Bypass unless hauling: refrigerated loads, agriculture, aquaculture, horticulture, or livestock.

E Bypasses for HAZMAT Haulers

Some sites require you to pull into the station if you are carrying **hazardous materials**.

- 🔊) If your fleet has designated itself as a Hazmat hauler with Drivewyze, you may receive a different notification at these Hazmat-restricted sites.

Reminder: Audio Alerts at All Sites

Please remember to turn your device sound on, as Drivewyze provides **audio alerts** [🔊]

Where Can You Get Bypasses?

Drivewyze provides bypass coverage at more sites than any other bypass service, nationwide. View current coverage at:

www.drivewyze.com/coverage-map

Privacy and Safety

Bypass requests only submit license plate, VIN, CVOR and USDOT. Driver information is NOT shared. Bypass events logs are not certified for speed enforcement and cannot be used to issue speeding tickets.

Drivers must always follow safe driving practices and never follow in cab signals if doing so poses a risk to safe driving. This includes moving safely into the lane nearest to the eventual weigh station exit. If a driving instruction is delayed, always choose to pull-in safely rather than wait for an instruction.

Questions/Support and Online User Guide
