

Get the most from your Bypass Program

With Fleetworthy it is 100% legal to follow the instructions.

Always follow the device instructions to stay legal.

Your mobile or electronic logging device will instruct you with:

- 1 Bypass
- 2 Pull In Unless Closed
- 3 Follow Road Signs

Notifications at Fleetworthy Sites

Fleetworthy operates at weigh stations across North America.

Bypass sites are indicated with **bypass supported** text and a **blue banner**.

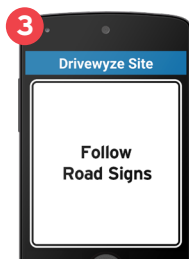

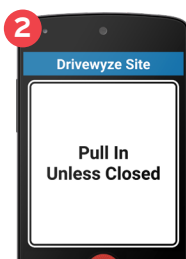

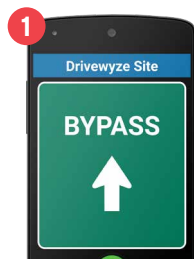

Drivewyze Site

You will receive heads up alerts **2 miles** and **1 mile** ahead of all weigh stations.

You will then receive **one of three driving instructions**:

Notifications at Non-Fleetworthy Sites

At sites not participating in the Fleetworthy Bypass Program, you will receive the following notifications:

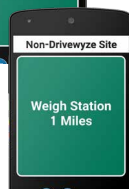

Watch for the 2 mile and 1 mile heads up alerts indicated as Non-Drivewyze Sites.

Non-Drivewyze Site

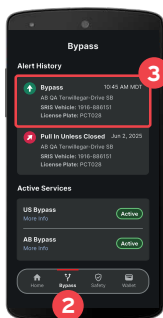

You will then receive a driving instruction to **Follow Road Signs.**

C Recall Last Driving Instructions

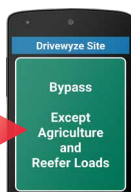

- 1 Go to **FleetworthyGo** from the Main Screen or Notifications Bar
- 2 Tap on the Bypass tab
- 3 Your most recent driving instruction will appear at the top.

D Bypass Florida Agriculture Inspection Sites

- 🔊) If your fleet has opted into the Florida Ag bypass program, you may receive a **conditional bypass**.

Bypass unless hauling: refrigerated loads, agriculture, aquaculture, horticulture, or livestock.

E Bypasses for HAZMAT Haulers

Some sites require you to pull into the station if you are carrying **hazardous materials**.

- 🔊) If your fleet has designated itself as a Hazmat hauler with Fleetworthy, you may receive a different notification at these Hazmat-restricted sites.

Reminder: Audio Alerts at All Sites

Please remember to turn your device sound on, as Fleetworthy provides **audio alerts** [🔊)]

Where Can You Get Bypasses?

Fleetworthy provides bypass coverage at more sites than any other bypass service, nationwide. View current coverage at:

www.drivewyze.com/coverage-map

Privacy and Safety

Bypass requests only submit license plate, VIN, CVOR and USDOT. Driver information is NOT shared. Bypass events logs are not certified for speed enforcement and cannot be used to issue speeding tickets.

Drivers must always follow safe driving practices and never follow in cab signals if doing so poses a risk to safe driving. This includes moving safely into the lane nearest to the eventual weigh station exit. If a driving instruction is delayed, always choose to pull-in safely rather than wait for an instruction.
